## Environmental Policy

**Apollo Doors Ltd** is a business whose activities include reactive repair and door maintenance. We are committed to excellence in all aspects of the construction process and recognize that our activities can have significant implications with respect to the environment.

**Apollo Doors Ltd** is committed to developing a culture (through training and communication) in which protection of the environment is a common objective shared with clients, contractors, suppliers and partners and the communities in which we operate.

This statement forms the basis of the **Apollo Doors Ltd** Environmental Policy.

### **We are committed to:**

- a. Continuous improvement in our environmental performance.
- b. Preventing pollution.
- c. Setting environmental objectives and targets which are reviewed annually.
- d. Providing appropriate environmental training for our employees.
- e. Complying with all applicable environmental legislation.

In support of this, the Board of **Apollo Doors Ltd** has:

Initiated the development of an environmental management system based on the principles of ISO 14001;

We require all employees to conduct their duties in accordance with our Policy and, in doing so; reflect the individual and corporate professionalism that is the keystone of our continuing success as a company.

The effectiveness of this Policy will be monitored monthly. A formal review of the Policy will be conducted annually.
